

Specifications

Taboret Cart

Unit

Dimensions:

20"w x 16"d x 30"h

Components:

Unit is constructed using $\frac{3}{4}$ " thick particle board with thermofused melamine both sides. The case body edges are finished with .020" PVC. The drawer front edges are finished with 3mm PVC. Each of the three drawers is 5-3/4"h x 20"w. The opening created on the top of the unit is 18-1/2"w x 8-1/2"h. The wheels are a plate-mounted 2-1/2"h twin wheel locking caster.

Assembly:

Units are factory assembled using dowel construction. Casters are shipped unassembled.
