## General Cabinet Construction

### Thickness-

- All cabinet parts are 3/4" thick unless noted otherwise
- Cabinets greater than 36" wide are constructed with vertical dividers
- Drawer box assembly and cabinet backs are 1/2" thick

### Style & Joinery-

- Reveal overlay cabinet style
- 32mm doweled construction cabinet body and drawers

### Edges-

- Door and drawer fronts- 3mm PVC to match or compliment the laminate
- Face casebody- .020" PVC to match or compliment the laminate
- Finished ends (wall cabinet top/bottom)- .020" PVC to match or compliment the laminate
- Shelf fronts and dividers- .020" white PVC

### Laminate Materials-

- NEMA LD 3 High Pressure Laminate (HPL)
- Core material- industrial grade particle board

### Laminate Materials (cont.)-

- Casework fronts and finished end panels- laminate/white cabinet liner
- Wall cabinet bottoms- white melamine: finished end panel bottom edge to match or compliment the laminate
- Shelves and other semi-exposed surfaces- white melamine

### Toe Kick/Base-

- 3/4" exterior grade plywood base applied to cabinet

### Countertops-

- NEMA LD 3 High Pressure Laminate (HPL)
- Core material- industrial grade particle board
- Thickness- 1.125" core finished with laminate and backer to 1.1875"
- Front edge- 3mm PVC to match or compliment the laminate
- Backsplash- applied (field installed)
  - 3/4" particle board finished with laminate and backer to .8125"
  - Top and side edges- Finished edges as required

### General Exclusions-

- Vinyl base, light fixtures, electrical/air/gas/water rough-ins, service connections, fixtures and related accessories
